# Summarize multiple cells with GPT\_SUMMARIZE()

```
=GPT_SUMMARIZE(A2:A5, "key  
takeaways, 10 words each")
```

	A	B
1	4 reviews (235 words)	Summary (21 words)
2	Loved the unit at first, would clean my entire house no problem (with the additional battery) but the unit is	1. Unit clogs easily and dies after 3 years. 2. Poor customer service from Dyson. 3. Positive review for powerful and versatile vacuum.
3	Well. I guess all I can say is they have very poor customer service. Especially when a \$4000 vacuum	
4	Purchased this as a Christmas gift for myself! Love it! The second battery is wonderful for big cleaning jobs. The wide all floor head takes	
5	this is the best Dyson vacuum by far - I have had 3 uprights, 1 Ball and	

# Classify into categories with GPT\_CLASSIFY()

```
=GPT_CLASSIFY(A2, "vegetable,  
fruit, other")
```

1	Product	Category
2	banana	Fruit
3	salad	Vegetable
4	strawberry	Fruit
5	pineapple	Fruit
6	spinach	Vegetable
7	peach	Fruit
8	cucumber	Vegetable
9	orange	Fruit
10	egg	Other
